MANAGEMENT POLICY

MISSION

Provide a wide range of electrical transformers which help to satisfy the needs of our customers.

VISION

Achieve the leadership in the international market and enter new markets through a quality commitment to ensure satisfaction and expectations of our customers.

POLICY

IMEFY Management, according to its established MISSION and VISION, has as a priority aim that the products IMEFY designs, manufactures and markets meet the legal requirements, the regulations applicable to the Company, those demanded by customers and those volunteers requirements defined by it, reaching the goal of satisfying our customers, both from the Quality Management and from the environmental sustainability framework, establishing as a commitment the protection of the environment, including the pollution prevention.

Therefore, the Management Policy is based on the global context of the Organization, which determines a Strategic Plan, developing the objectives and necessary resources to achieve the goals, based on knowledge, awareness, motivation and participation of all the staff of the Company in the activities related to the Quality and Environment Management.

To achieve this aim, the IMEFY Management establishes and documents the procedures that guarantees that the activities, processes and products developed are planned, controlled and evaluated based on prevention in management and continuous improvement.

IMEFY Management, in order to determine the leadership of the Organization and the different responsibilities, elaborates the Organizational Chart of the company where the different Management Areas are established, including R & D & I, to give greater value to prevention and thus supporting the Global Strategic Plan.

Finally, IMEFY establishes the need to communicate to all interested parties its Management Policy, making them participate in the performance of the management, both Quality and the Environment.
